Rondal roller furling system replaced: forestay with foil, inner forestay with foil
Complete set of new battery banks (1600 Amp hrs and 1400 Amp hrs)

BROKERS COMMENTS:

This truly classic **Jongert 24 DSP** is an outstanding example of a semi-custom-built ketch by Doug Peterson, with the interior design by Peter Sijm. Thanks to her superior build quality, large volume and easy sail handling systems, the yacht suits perfectly for long voyages in safety and comfort, offering accommodation for up to eight guests, plus four crew.
The enclosed deck house, with ample comfortable seating, provides shelter in all climate zones, and her generous outside cockpit offers plenty of space for eight guests.
She has constantly been upgraded and improved since new, having had her last refit in 2012, and is ready to go. GREAT OPPORTUNITY!!
