#### ANMERKUNGEN DES MAKLERS:

The 1993 Jongert 2900M "Celandine", crafted from steel and aluminum, is probably the best ever built. In 2008, she underwent a comprehensive, multimillion-dollar refit at the Jongert shipyard, restoring her to like-new condition. Designed by Doug Peterson, with a beautifully appointed interior by Peter Sijm, her master cabin is found at the stern below the cockpit and contains a large queen size bed, comfortable seating, a desk and a spacious bathroom plus two spacious double staterooms and accommodation for four crew. Meticulously maintained, she remains in excellent condition and is ready for her next voyage.

#### STANDORT:

East Med
